## FALL PROMOTION

**50%-OFF FIRST-TIME VISIT**

**-OR-**

**20% REDUCED RATE**

(ON LABOUR ONLY, FROM OCTOBER 22<sup>ND</sup> – NOVEMBER 30<sup>TH</sup>, 2012)

### WHAT WE DO:

#### **REMOTE DESKTOP:**

Work from anywhere over the internet. Fast & secure, this technology allows safe access to your office network from home or virtually anywhere, on most any device, all for zero residual cost – you only pay for the initial setup.

#### **REMOTE BACKUP:**

With the right equipment, it's easy to setup a secure network backup – instead of carrying flash discs or tapes home with you, your backup will run over the internet, automatically, every night - protecting your precious data whether you remember or not.

#### **RELIABILITY & PEACE OF MIND:**

Instead of waiting for trouble to crop up, it's best to maintain your computer systems regularly. Let Informative Technologies keep your office running smoothly and reduce 'down time' to an absolute minimum.

#### **EMERGENCY SERVICES:**

Computers are very complex machines, and sometimes they just break down; Occasionally you pickup a virus. We're ready to handle such unfortunate situations – with immediate suppliers & response time, we'll get you operational same day.

#### **SALES & SERVICE:**

Ready for a new PC? Great! We sell new computers, printers, accessories, & aren't tied to any manufacturers; we recommend only the most reliable equipment available. We service: Windows / Mac / Android / Linux / Blackberry.
